It Is Very Easy To Come Up With An Excuse For Why
Things Won't Happen In Life But Champions
Accept That There Are Many Things They Can't
Control, And Instead, They Master What They Can

Champion is in the business of solving ‘real’ problems using smart technology.

How do we do it?

By asking questions. The right questions.

“What would a typical day in our customers’ lives be like?”

“How can we make their days easier?”

Such questions help us focus on the things that really matter. Things like the latest technology, innovation and sustainability.

We then use these tools to design products with some amazing features. Imagine a ceiling fan that can be controlled using a mobile phone, or one that consumes up to 72% less electricity!

We don’t just stop there. We make sure that the entire customer journey (*from installation to after-sales service*) is as delightful as our products.

But don’t take our word for it. Ask over one million happy Champion customers all over the world.

So we have decided to keep asking newer questions... and finding newer answers!

Which everyday problem do you want us to solve next?

UNMATCHED
FEATURES

AC / DC
INVERTER

Energy-efficient
Bldc Motor

Silent Operation
With High
Air Delivery

Online
Care Center

Saves Up-To
13000* to 15000*
In A Year

Runs 3x Longer
On Inverter

Powerful
Boost Mode

Smart Remote
With Boost Sleep
And Timer Modes

100% Pure
Copper Wire
Winding

Consistent Speed
Even At Low Voltage
With Zero Motor Heating

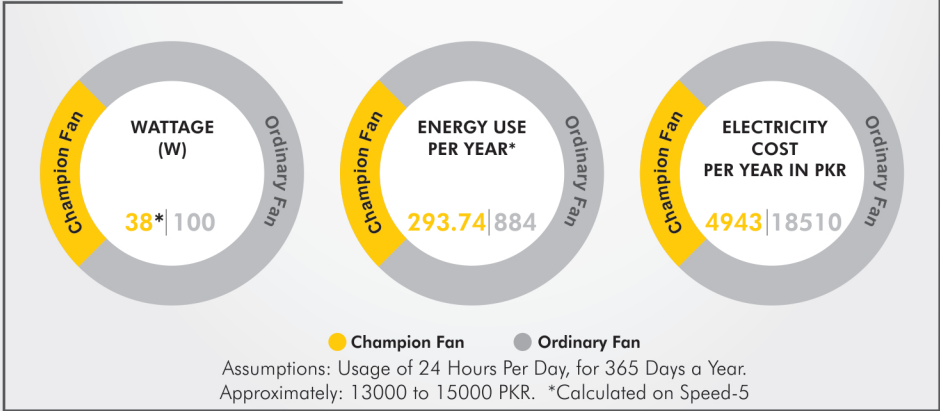

THE PERFECT BLEND OF
STYLE & SAVINGS

Saves Up-To
13000* to 15000*
In A Year

A Comparison: Champion Fans Vs Ordinary Fans

ADVANCE BLDC TECHNOLOGY

AC / DC
INVERTER

The Power Behind Champion Fans

BLDC Stands For Brushless Direct Current. The Motor Runs Because Of An Interaction Between A Single Winding And Strong Permanent Magnets. The Commutation Is Deployed By Smart Electronics. Thanks To The BLDC Inverter Technology And Our Proprietary Sensor Less Algorithm, Champion Fans Consume Just 55w At Full Speed.

Advantages

- Elimination Of Friction And Associated Power Losses
- Proprietary Algorithm With Smart Electronics Drive That Runs The Motor Efficiently
- Less Noise And No Motor Humming

99.9% Pure
Enamelled Copper
Wire Winding

18 Slot 158mm
Latest Technology Design
& Electric Steel Sheet
BLDC Stator

User Friendly Connections
AC and DC Connector
With Different Color
AC = Blue / DC = Green

Power Consumption At Each Speed

The Power Consumption Of The Champion Inverter Series Fan Varies With The Speed At Which It Is Set. It Consumes Less Power Than An Led Bulb At Speed 1.
